No more than one tract or parcel must be valued or taxed on the same line. Two descriptions must not be joined in one valuation or tax. Personal Estate must be valued, and taxes entered on a different line, as well as columns from Real Estate. Non-resident tax must be entered in numerical order, beginning with section one. Enter the amount of any reassessment with full date, in the column of taxes to which it belongs, above the tax for the year for which the roll is made, and in the column for "Reassessments," also opposite each parcel, for the year for which the reassessment is made. No more than one parcel may be assessed as one parcel, and the net must be valued that year in the column of taxes to which it belongs. The amount of any special tax for the year for which the roll is made, must be entered in the column of taxes to which it belongs. The amount of any special tax for other years for township purposes, in the column headed "State, County and Township Tax." Any special tax not specified in Sec. 34, Chap. 20, Revised Statutes, and required to be put in one of the three columns there mentioned, may be put in the blank column next to the one headed "Total of Taxes."
